

NoteMatch Magnets

Directions:

1. Print NoteMatch Magnets PDF
2. Laminate the printed PDF.
3. Cut out all letters, numbers, and accidentals on dotted line.
4. Stick on round ✨ sticky magnets to the back of all the circles you cut out!

✨ Magnets Purchased on Amazon:

Flexible Magnet Round with Adhesive by House Again - Perfect for Crafts & DIY Projects, Hanging & Organizing Light Objects at Home Office or Warehouse, 100Pcs

Ways to use your newly created NoteMatch Magnets!

Reinforce notes on NoteMatch. Have students place the magnets on the groups of note you ask (ex: FACE, OR ALEG, EGBDF, GBDFA).

Reinforce chords and use these magnets hand in hand with the Cascade Method Chords I Book. When learning a new chord, students can either color the notes on NoteMatch, OR use these fun magnets. Have students place CORRECT notes on the CURRENT chord at hand. Use the sharp and flat accidentals accordingly (depending on the major OR minor chord student is learning).

Reinforce line numbers by using the number magnets. Play games by asking students, to place specific line numbers

Download other sheets and games in the Cascade Method Shop that incorporate these magnets. www.TheCascadeMethod.com/Shop
